3 Year Costs For 2 Wands

Battery Wand Cost

Rechargeable Wand Cost

Battery/Bulb cost:

\$30.80 per month per wand *2 wands

Average over 36 months =

\$1,108.80

Service (Bulbs)*3 = \$ **14.19**

Average Life:

6 Months * (6 pairs wands @ \$30) =

\$ 180.00

2 Wands for 3 Years = **\$388.44***

Total Cost Conventional Battery Wand =

\$1,288.80

Total Cost Seal Wand = \$402.63

***\$388.44 Includes Case and Charger**

ECO Savings

Note: Since the Seal Wand is an Eco friendly product whose batteries can go straight to recycling there is no heavy metal reclamation required before incineration. New ROHS legislation will require payment for battery recycling.

3-Year warranty quotation available upon request.
